**(b) Reporting to National and Interstate Data Banks.**

**The Board shall report adverse information of a physician to the National Practitioner Data Bank ("NPDB"), the FSMB's Federation Physician Data Center (FPDC), to the appropriate government health agency having jurisdiction over a foreign-licensed physician, and such other interstate or national health professional data banks within thirty-five (35) days following its receipt of the information. The Board shall, if financially feasible, maintain its membership in these two and other such organizations in order to retain the benefits of access to the data. The information to be reported shall include:**

**(1) Discipline of a physician described by, or undertaken pursuant to, the Act and these regulations, and without regard to whether the action of the disciplining entity has been stayed by a reviewing court;**

**(2) A professional review action that adversely affects the clinical privileges of a physician for a period of more than 30 days; and**

**(3) Acceptance of the surrender of clinical privileges or any restriction of such privileges of a physician.**

**(c) Securing Information.**

**(1) The Board shall secure, for each person, reportable information at the following times:**

**(i) When a physician applies for a license;**

**(ii) Every two (2) years, typically in advance of license renewal; and**

**(iii) Whenever the Board determines such information would be reasonably required.**

**(2) The applicant or the licensee shall be responsible for the cost of obtaining such information.**

**§ 140-50.3-004219 Impaired Physicians.**

(a) The Board shall have the power to deny an application, refuse to renew or restore, suspend, revoke, place on probation or condition the license of any physician whose mental or physical ability to practice medicine with reasonable skill and safety is impaired.

(b) By submission of an application for licensure, or renewal, an applicant shall be deemed to have given his or her consent to submit to mental or physical examination and/or chemical dependency evaluation. This includes taking tissue or fluid samples, at the physician's own expense, as the Board may direct, and waiving all objections as to the admissibility or disclosure of such information and related findings, reports, or recommendations in an administrative or judicial proceeding. If a licensee or applicant fails to submit to an examination or evaluation when properly directed to do so by the Board, unless failure was due to circumstances deemed beyond the licensee's control, the Board shall be permitted to enter a final order upon proper notice, hearing, and proof of refusal.

(c) If the Board finds, after examination and hearing, that the applicant or licensee is impaired, the Board shall:

(1) Direct the applicant or licensee to submit to care, counseling, or treatment, acceptable to the Board, at his or her own expense; and

(2) Deny the application, suspend, place on probation or condition the license for the duration of the impairment; or

(3) Revoke the license.

(d) Any licensee or applicant who is prohibited from practicing as a physician under this section shall, at reasonable intervals, be afforded an opportunity to demonstrate to the satisfaction of the Board that he or she can resume or begin to practice medicine and surgery with reasonable skill and safety. A license shall not be reinstated, however, without the payment of all applicable fees and the fulfillment of all requirements, as if the applicant had not been prohibited.

**§ 140-50.3-004220 Reserved.**

**§ 140-50.3-004221 Code of Medical Ethics.**

The Board recognizes the AMA's Code of Medical Ethics as its professional standards model. The medical profession has long subscribed to a body of ethical statements developed primarily for the benefit of the patient. As a member of this profession, a physician must recognize responsibility to patients first and foremost, as well as to society, to other health professionals, and to self.

**§ 140-50.3-0042189 Disciplinary Action.**

The Board shall have the power to impose administrative penalties and/or reprimands; revoke or suspend; refuse to issue, restore or renew, the license of any person who is found guilty of one or more of the violations enumerated in § 2224 of P.L. 15-105 and §§ 140-50.3-00901 – 1300 of these regulations or for a violation of the AMA's Code of Medical Ethics.
